# The Mistress by Philippe Tapon

Philippe Tapon

Set in Nazi-occupied Paris in the course of global warfare II, *The Mistress* is a captivating story of jealousy, love, betrayal, and one woman's crafty revenge. The characters -- Dr. Emile Bastien, a doctor who treats Parisians and Germans alike from his workplace on rue de Maubeuge; Simone, his nurse and illicit lover; and Bastien's bitter spouse and scheming children, tucked away on a French kingdom property -- all proportion a deep and suspicious desire. As Bastien's mistress, Simone is familiar with all of his most threatening secrets and techniques -- other than the one who he and his family members try desperately to *The Mistress* maintain from her. yet shrewdpermanent Simone, consistently one step ahead, manages to hide her greed whereas weaving an online of deception that might ensnare those that have grew to become opposed to her and confirm her singular reward. *The Mistress* is darkly atmospheric and erotically charged -- a tour-de-force with wonderful twists and turns that would hang-out readers lengthy after its secrets and techniques were revealed.

whereas it starts off with a better vocabulary than i am used to, I quickly discovered it to *The Mistress* be extra a praise than a hindrance. The booklet began sluggish and commenced to confuse me, yet as you get prior the 1st 20 pages, issues start to make since. i discovered it a growing number of fascinating to find extra approximately Emile and Simone, then later Paulette, Rene, and Marie (who, for the *The Mistress* record, I hated the total book). The writing variety used to be diversified than i am used to, yet now not complicated adequate to renounce reading. in fact, making it to the tip proved fairly satisfying. The finishing either surprised me and placed a grin on my face. whereas loads of nazi battle and France details and *The Mistress* data went over my head, it wasn't a deal breaker within the end. i like to recommend this publication to anyone, of any studying level.

## The Mistress
