The New Diplomacy by Shaun Riordan

Shaun Riordan

the area of diplomacy has replaced notably The New Diplomacy within the previous few years. Technological, social and political switch have mixed to undermine the normal assumptions of international relations - in particular, the occasions of eleven September set in stark aid the hazards and dangers. Shaun Riordan, a former British diplomat, attracts on his personal experience, case studies, and present debates in diplomacy to evaluate the functionality of diplomatic companies and to caricature out the recent diplomatic environment. conventional diplomatic providers and constructions are came upon wanting. Riordan argues forcibly opposed to realpolitik and for The New Diplomacy a extra pro-active international relations in accordance with the promoting of principles and values as a greater means of securing the West's long term interests. In doing so, he presses for radical re-structuring of diplomatic services, exchanging hierarchical with networked structures, and the production of recent types of international governance that comprise NGOs and the personal sector, in addition to executive officials, in a broader diplomatic effort.

The New Diplomacy
